

USING THE LIBRARY CATALOGUE

The Library Resource Centre provides a wide variety of texts and access to the internet. All S1 pupils receive an induction session which allows them to familiarise themselves with the resources available and enables them to use the library catalogue. This allows them to check what the library has in stock for any subject or author by following onscreen instructions.

Using the library catalogue

Once logged on to a networked PC anywhere in the school - go on the Internet!

↓

Select the Dalziel High School website

↓

Click on Curriculum then click on Library

↓

This will take you to the Library homepage
Scroll down and

↓

Click on the Accessit button

A Memo template is available for staff to order resources in the shared area/resources/library memo
