Rationale

Discipline at school is essential at all times so that effective teaching and learning can take place. In Dalziel High School we seek to create and maintain a positive school and classroom ethos which promotes mutual respect between staff (both teaching and non-teaching) and pupils at all times.

If pupils are to begin to achieve their academic and personal potential, if the more vulnerable and less confident of our pupils are to feel safe and comfortable in the school environment such an ethos is essential.

It is our further belief that through fair and consistent treatment of pupils, we can help them to grow into responsible young people with a concern for others and a sense of fair-play.

It is the responsibility of all teachers to encourage and support the pupils in their care and to be aware of the positive effect of praise whilst at the same time developing pupils' awareness of the need for courtesy towards and consideration for all staff (teaching and non-teaching).

However, good discipline in both the classroom and the general school environment is essential if positive behaviour strategies are to be effective. Pupils need to know what is expected of them, what acceptable conduct is, and what is not. If these parameters are clearly set, and staff consistently follow through the procedures set out in the discipline policy, then it should be possible to maintain an effective system for monitoring behaviour in school.

By pupils and staff working together as a community which involves parents and the external agencies which offer support and guidance, we hope to effect improvements with the most difficult pupils and to support all others by insisting on consistently high standards of conduct and manners.

Staff Guide

Expectations during lessons

Create and sustain a positive, supportive and secure environment.

At the beginning of lessons expect:

- to arrive before the class and begin on time
- pupils to enter the room in an orderly manner
- pupils to sit as directed by the teacher
- to take the register and challenge unacceptable lateness
- pupils to come fully equipped and prepared to participate fully
- pupils to remove outdoor clothing and to be in compliance with the school dress code as outlined in the School Handbook.

During lessons expect.

- everyone to listen when you or anyone else is talking to the class
- pupils to raise their hand if they wish to contribute to class discussion
- pupils not to eat, drink or chew gum
- no pupil to leave the room without permission

At the end of lessons expect:

- pupils to pack away only when instructed to do so
- pupils to put away equipment and arrange furniture neatly as directed. The room/changing room should be left in a clean and tidy condition
- to dismiss pupils in a calm and orderly manner

General misbehaviour during lessons

This may include talking inappropriately; distracting others; calling out; lack of concentration; turning round.

Within each department, there should be a set of clear, specific steps to be carried out in dealing with such issues. Staff should apply sanctions according to the department policy but it is recognised that there should also be some scope for teachers to be able to express their own individuality in dealing with pupil misbehaviour.

It is important that any threatened sanction is carried out in the event that the pupil does not heed the warning and continues to misbehave.

Appropriate sanctions that might be applied in particular circumstances are:

Distracting others/talking	- Move pupil to another area of the class
Persistent eating or non-compliance with a request	- Issue of punishment exercise
Continued shouting out or distracting others	- Issue of punishment exercise
	- Send to another teacher's class – usually PT, with a note of explanation and relevant classwork

Sending outside the classroom should only be used as a strategy to defuse the situation or as an opportunity to speak to the pupil alone. No pupil should be left to stand in the corridor for a lengthy period of time.

Managing Misbehaviour

“Problems” are normal where young people are learning and testing boundaries of acceptable behaviour. Our success is tested not by the absence of problems but by the way we deal with them. It may be helpful to keep the following suggestions in mind.

- do not react hastily
- avoid confrontation, especially in front of an audience
- listen
- establish the facts
- judge only when certain
- use sanctions consistently and in a stepped response to misbehaviour

Good classroom management should avoid incidents occurring. This can be achieved by the careful planning of lessons and a well considered seating plan.

All pupils should be aware of our shared expectations of them in and out of lessons. The most important aim when dealing with inappropriate behaviour during lessons should be to minimise disruption to learning. Minor irritating behaviour should not be allowed to build up to an incident of confrontation.

Use of mobile phones (banned in school)	Class teacher confiscates phone and gives it to a DHT
Continual misbehaviour or lack of effort	Refer to PT ¹ using standard pupil referral form * Appendix 2(a)
Behaviour does not improve despite use of sanctions	Refer to PT ² using standard pupil referral form * Appendix 2(a)

All referrals should be logged by Principal Teachers using the Standard Department Discipline Log* **Appendix 3**

A Monthly Report will be sent to Pupil Support noting any indiscipline/lack of effort involving pupils or any praiseworthy achievement* **Appendix 1**

*Referral to PT¹

When a pupil is referred to PT the Principal Teacher may employ a range of strategies to resolve the situation. These may include:

- lunchtime detention within the department
- pupils placed on Standard Department Monitoring Form* **Appendix 4(a) and (b)**

If the matter is resolved, referrals should be passed to Pupil Support indicating this and noting strategies employed.

*Referral to PT²

When a pupil is referred for a second time on the same or similar issue, then the Principal Teacher should interview the pupil and pass the referral to Pupil Support indicating the strategies employed in dealing with the pupil and that the matter is not resolved.

Unless of an exceptional nature, the Pupil Support teacher will deal with the matter in the first instance, perhaps in conjunction with the appropriate PT Pupil support. If it is deemed necessary, the Pupil Support teacher/PT will pass to DHT.

Possible action by Pupil Support Staff includes:

- contacting parents
- use of (pink) monitoring form **Appendix 5**
- support structure put in place
- referral to external agencies
- referral to DHT
- loss of privileges

Possible strategies employed by DHT may be:

- use of monitoring form (blue) **Appendix 6**
- use of detention
- suspension
- loss of privileges

SPECIFIC MISBEHAVIOUR IN CLASS

Sexist or Racist incidents

- dealt with in accordance with NLC Policies

Swearing

- If swearing is directed offensively at any member of staff the pupil should be referred immediately to the Principal Teacher who will refer the pupil immediately to the appropriate member of SMT.
- If swearing is directed offensively at another pupil the comment should be challenged by the member of staff and appropriate action taken depending on the context. However, it is important that pupils are made aware that swearing is unacceptable.
- Accidental swearing should be commented on and shown to be inappropriate.

Serious incidents of misbehaviour

This may include:

- violence or threats of violence against staff or their property
- abusive language directed at a member of staff

Pupils should be referred and sent to PT who should then pass referral on to appropriate DHT.

In the event of a serious incident, the use of physical restraint is permitted to prevent injury or damage, in accordance with Standard circular F19.

BEHAVIOUR IN CORRIDORS AND STAIRS

Expect that:

- pupils should walk at all times – no pushing
- pupils should keep left when moving about the school
- pupils should line up outside classrooms in an orderly manner
- pupils should put all litter in bins
- staff should supervise areas outside rooms at beginning of lunchtimes and intervals and change of periods if possible
- prefects should supervise corridor movement at end of intervals and lunchtimes – staff should allow prefects to leave class 2 minutes to facilitate this.

REINFORCING POSITIVE BEHAVIOUR

- Staff should recognise and reinforce good behaviour and genuine achievement by using the standard Note of Praise form **Appendix 2(b)**. It should also be noted on the Monthly Report **Appendix 1**

Key information from this policy is detailed in Staff Planners.
